

COME SEE ALL THE OPPORTUNITIES WE HAVE FOR YOUR CHILDREN!

Ms. Claire's Montessori believes that development occurs in an enriched environment where the child is encouraged and challenged. They are neither hurried nor hindered. They work independently, direct themselves to the materials of their choice until they satisfy their inner needs for learning.

10

benefits of a Montessori pre-school

1. Focuses on key development stages
2. Encourages cooperative play
3. Learning is child-centered
4. Children naturally learn self-discipline
5. Classroom environment teaches order
6. Teachers facilitate the learning experience
7. Learning method inspires creativity
8. May be more effective in developing certain skills
9. System is highly individualized to each student
10. Curriculum focused on hands-on learning

Pre-K, Kindergarten, 1st and 2nd grade

- Half Day Pre-K
- Full Day Pre-K
- Full-Time Lower Elementary (K, 1, 2)
- Extended Day Program 7:30am – 5:30pm

The Montessori approach is based upon the natural laws of human development. Maria Montessori observed that young children absorb limitlessly and effortlessly from the world around them and in doing so lay down all the foundations for life. Ms. Claire's Montessori will foster children's growth through Maria Montessori's approach while meeting and often exceeding the common core standards of the public school system.

Children enjoy Kindermusik Classes, Art Classes, Yoga and Spanish Classes.

We have a close relationship with Valley Central School District and work hand in hand with Valley Central to provide consistency for maximum growth. Whether your child continues in a private setting or moves to the Public School System, they will be well rounded and ready to experience all that is offered.
