

FUEL DELIVERY SERVICES

Choose Black Bear for:

Top-Quality Heating Oil – Only premium clean-burning fuel oil from specially chosen distributors, which extends the service life of your equipment.

Clean-Burning Kerosene – Kerosene or the option of a winter anti-gel additive used with fuel oil to save on cost for outside tank use.

Automatic Delivery Service – Allows for worry free comfort! We will deliver to your home on an as needed basis using our scientific Degree Day System that can accurately calculate your home's usage of heating oil/kerosene. Automatic Delivery service takes away the worry of watching your gauge. It also helps to avoid costly fees with running out such as boiler issues, frozen pipes, startup costs and emergency delivery fees.

On/Off Road Diesel Fuel – Black Bear delivers the quality fuel you need, when and where you need it within our service area. From ultra-low sulfur on-road diesel for tanks, vehicles and equipment, to off-road diesel for construction & farm equipment, generators and more.

SAVE \$\$\$ With EZ-Pay

We simply split your estimated total heating costs into 12 easy, monthly installments. Then you make just one low payment each month. EZ Pay also includes a price cap. Your fuel price won't go above a certain price no matter what happens in the oil markets.

If EZ Pay sounds good to you, contact us today and we'll help you set up automatic payments using a checking account or credit card.

HVAC REPAIR & INSTALLATION

Black Bear offers expert support for all your Home Heating and A/C Needs

- Boiler installs and repairs
- HVAC system tune-ups & repairs
- Service Agreements
- 24/7 emergency service
- New HVAC equipment installation and upgrades

**24/7
Emergency
Service**

We strongly suggest protecting your current HVAC equipment investments with an affordable Black Bear service agreement, which takes away the hassle of having to schedule your own maintenance call. If you're considering investing in a new heating system or air conditioning equipment, we can help you there, too, with expert installation of top-quality brands like Daikin, Mitsubishi and York.
