IT'S WORSE TO PAY TOO LITTLE!

It is unwise to pay too much, but it is worse to pay too little.

When you pay too much, you sometimes lose a little money, that's all.

When you pay too little, you sometimes lose everything, because the thing you bought was incapable of doing the thing it was bought to do.

The common law of business balance prohibits paying a little and getting a lot – it can't be done! If you buy from the lowest bidder, it is good to add something for the risk you run, and if you do that, you will have enough to pay for something better.

Dear Valued Customers,

From time to time we are asked why don't we match our competitors pizza prices. We wish we could, but we can't because here at Benny's we value quality and freshness. We use the finest quality ingredients that money can buy, and we will never lower our standards. The flavor and quality of the food we serve is important to you, and to us. Buon Appetito - Benny
