WELCOME TO APPLE GREENS

We plan to make your golf experience here an enjoyable one. We ask for your assistance and cooperation to that end. Please exercise caution, good judgement and proper golf etiquette at all times. Please wear soft spikes and a collared shirt. Our superintendent and his staff work diligently to have our course in great shape. Please assist by replacing divots, raking traps and discarding rubbish, cigar and cigarette butts properly in waste containers.

Consumption of alcoholic beverage is allowed though it must be purchased from our cafe. We do not allow coolers or encourage excessive drinking.

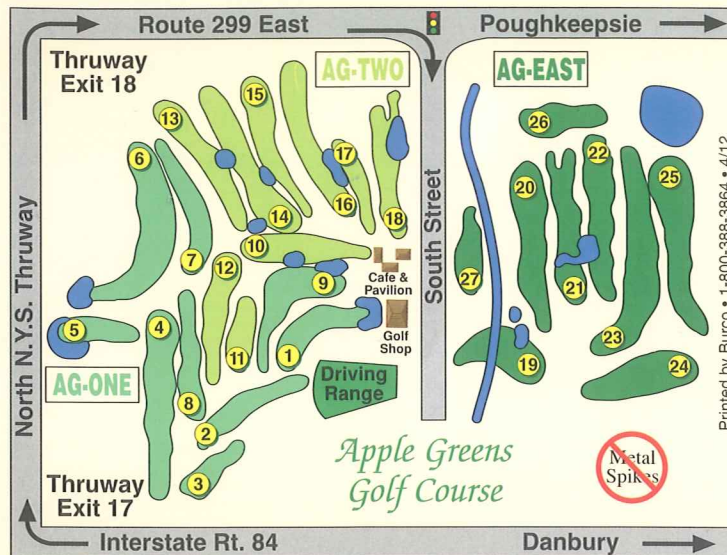

You are entitled to a round of golf at a reasonable speed, preferably around four hours but hopefully never more than four and one-half hours. Our rangers and management will do all that is possible to insure that this goal is met. When picking up lunch at the turn please go directly to the next nine you are playing. If continuing, you may not sit and eat at the Cafe. Your assistance is appreciated to help us make this possible. Cooperation is mandatory or you will forfeit your status to continue.

A valid drivers license is required to operate a riding cart. Riding carts observe the "scatter" rule. Driving in fairways is acceptable but not near greens or tees. Cart exit posts are provided by paths at points where cart must return to path. On all par threes and holes #10 & #19, please keep carts on paths at all times. Two riders maximum per cart.

Tee times may be made up to one week in advance. They are not necessary but certainly suggested. The Pro Shop number is below.

Thank you for visiting and playing Apple Greens. We hope you have a good time and choose to return soon. Enjoy.
